

well v2 Contributions

CONCEPT & FEATURE.	FEATURE PART.	PRODUCT CONTRIBUTION.
Light L01: Light Exposure	Part 1: Provide Indoor Light	INFINIUM glass wall systems allow for natural daylight to be dispersed through occupied space and may increase Spatial Daylight Autonomy (sDA) and illuminance
Light L02: Visual Light Design	Part 1: Provide Visual Activity	INFINIUM glass wall systems allow for natural daylight to be dispersed through occupied space and may help to meet illuminance thresholds
Light L06: Daylight Simulation	Part 1: Manage Brightness	INFINIUM glass wall systems allow for natural daylight to be dispersed through occupied space and may increase Spatial Daylight Autonomy (sDA) and illuminance
Sound S03: Sound Barriers	Part 1: Design for Sound Isolation at Walls & Doors	INFINIUM Quantum Double Butt-Glazed system will provide an STC rating ranging from 40-50 and INFINIUM's Refine Solid Partition will provide a 50 STC rating
Materials X01: Material Restrictions	Part 1: Restrict Asbestos	INFINIUM glass wall systems can be used in place of plaster and gypsum board partition walls and do not contain over 1,000 ppm of asbestos by weight or area
Materials X01: Material Restrictions	Part 3: Restrict Lead	INFINIUM glass wall systems utilize finish paints that meet the applicable lead content criteria
Materials X05: Enhanced Material Restrictions	Part 2: Select Compliant Architectural & Interior Products	INFINIUM glass wall panels do not contain any Halogenated Flame Retardants (HFR) or Orthophthalates
Materials X07: Materials Transparency	Part 1: Select Products with Disclosed Ingredients	INFINIUM has published a manufacturer's inventory containing CAS numbers of all individual compounds down to 1,000 ppm (0.1%)
Mind M02: Nature & Place	Part 1: Provide Connection to Nature	INFINIUM glass wall systems can provide increased access to nature views from shared seating areas, rooms and workstations
Mind M09: Enhanced Access to Nature	Part 1: Provide Nature Access Indoors	INFINIUM glass wall systems can allow for workstations and seating within shared areas to have a direct line of sight to indoor plants, water features, and/or nature views

Disclaimer: The information and calculations presented in this document is intended to be representative of the materials, construction, and processing of a typical standard product configuration and does not factor in project specific components such as hardware, doors, and custom wall panels.
